"Today, I learned..."

Any trivia has a chance, however slight, of suddenly becoming extremely useful.

Thomas Vose, 12/1/2020

Cranberries used to be called "Craneberries"

from the shape of their flowers, which resemble the bird.

This space is called the "purlieu."

The Zeerpot fridge:

Cools food. Works best in hotter, low-humidity areas.

Moffe's Law:
"Never try to dismiss critical analysis by asking: 'Why can't you just enjoy it for what it is?'"

16 FPS (frames per second) is the minimum needed for an image to look continuous as a motion picture.

The food additive carmine is made of this guy:

The cochineal insect. (Ground up, of course.)
